ACTIVE DESIGN

# Quando la postura incontra il design.

Questa carrozzina, unica per le sue caratteristiche di particolare riducibilità, unita ad un innovativo sistema di basculamento, mette in luce peculiarità difficilmente riscontrabili in prodotti di questo segmento. Possibilità di regolazione della profondità seduta, dell'altezza ed assetto.

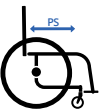

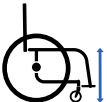

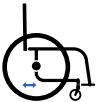

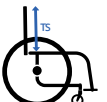

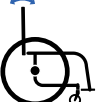

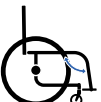

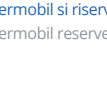

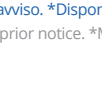

## When posture meets design.

This wheelchair, unique for its characteristic of great reducibility, in combination with an innovative tilt-in-space system, highlights peculiarities that are hard to find in this segment of products. Seat depth, seat height and point-of-balance adjustments.

## Progeo Tekna Tilt Junior 2.0
